**REQUEST FOR CONFIDENTIAL TREATMENT**

Hinton Telephone Company ("Filer") requests that the portions of its Form 481 pertaining to its Five Year Plan in the Service Quality Improvement Reporting, its Tribal Land Offerings documentation and its Rate of Return Additional Documentation (RUS Annual Report) be granted confidential, non-public treatment pursuant to Sections 0.457 and 0.459 of the Commission's rules, 47 C.F.R. Sections 0.457, 0.459, and related provisions of the Freedom of Information Act ("FOIA"), including 5 U.S.C. Section 552(b)(4) ("Exemption 4"). Form 481 contains information regarding the Filer's capital expenditure budgets, detailed network information, corporate affiliations, strategic service offerings with Tribal Governments as well as sensitive financial information filed in the Rate of Return Documentation. Release of such information would supply its competition sensitive commercial information that would undermine its ability to serve its customers effectively. Such information is not customarily disclosed to the public or made available within the telecommunications industry. Therefore, the Filer requests confidentiality of these respective portions of its Form 481 filing be granted. Support for the Filer's request for confidential treatment pursuant to FCC rules in Section 0.459(b) is provided as follows:

**I. FILER'S FORM 481 SATISFY THE REQUIREMENTS OF SECTION 0.459 OF THE COMMISSION'S RULES**

The material the Filer seeks confidentiality qualifies for the requirements outlined in Section 0.459 of the FCC's rules. As will be demonstrated, the Filer has satisfied all the elements of this section, concluding that disclosure of this information would be harmful to the Filer.

**(1) Identification of the specific information for which confidential treatment is sought.**

The Filer requests confidential treatment for the portions of the Form 481 required by 47 C.F.R. Section 54.313(a)(2) and (4). The Form bears the legend "CONFIDENTIAL INFORMATION SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NO.'S 10-90, 07-135, 05-337, 03-109, CC DOCKETS 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATION COMMISSION." The specific information considered confidential include: 1) The Filer's 5 year capital budget and network information associated with Service Quality Improvement Reporting (100), 2) Tribal Land Offerings documentation (900) and 3) ROR Additional Documentation which represents financial reports for calendar year 2013 (3005).

- (2) **Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission.** The information is required to be produced annually in accordance with 47 C.F.R. Section 54.313(a). The proceedings are WC Docket No. 10-90 and WC Docket No. 11-42.
- (3) **Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.** The information requested for confidential treatment is information not customarily released to the public. Release of this information would have the effect of substantial harm to the competitive position of the Filer.
- (4) **Explanation of the degree to which the information concerns a service that is subject to competition.** All of the services provided by the Filer are subject to competition.
- (5) **Explanation of how disclosure of the information could result in substantial competitive harm.** Identification of network details could enable wrongdoers the ability to compromise network reliability to customers. In addition, competitive entities in the Filer's area would have access to sensitive network, strategic and financial details that would hamper the Filer's ability to effectively compete.
- (6) **Identification of any measures taken by the submitting party to prevent unauthorized disclosure.** The information filed is not customarily released to the public or publically made available within the telecommunications industry. The information is also only released within internal circulation, including its attorneys, consultants and engineers, held to confidentiality agreements. The request as well as the associated documents subject to it, are filed both paper copy as well as electronically.
- (7) **Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.** None of the information requesting confidential treatment is available to the public and have not been disclosed to parties unless those parties are engaged to perform services for the Filer, under non-disclosure.
- (8) **Justification of the period during which the submitting party asserts that material should not be available for public disclosure.** Due to the fact that the nature of the information being filed is sensitive in terms of competitive and public safety concerns, the Filer requests that confidential treatment be granted indefinitely.

## **II. CONCLUSION**

For these reasons, pursuant to Sections 0.457 and 0.459 of the Commission's rules, the Filer requests that the portions of Form 481 relating to those particular items listed in I.1, above, be treated as confidential under the Commission's rules and precedent and withheld from public inspection and that any distribution of them within the Commission should be limited, in accordance with the reasons stated for confidential request. In the case where any person, party or entity wishes to access any of this information, the Filer requests immediate notification so it can have the opportunity to oppose the request or consider any other action it deems necessary to protect both its network, strategic and financial interests and the interest of the customers it continues to serve.

Respectfully Submitted,

Jason Doughty

**THE HINTON TELEPHONE COMPANY OF HINTON OKLAHOMA, INC.**

**2014 FIVE YEAR PLAN IN ACCORDANCE WITH SECTION 54.202(a)(1)(ii) OF FCC RULES**

The Hinton Telephone Company of Hinton Oklahoma, Inc. (Hinton) has a state-issued Certification of Convenience and Public Necessity for a defined service area covering six wire centers, 8,982 population and approximately 518 square miles, to serve basic telecommunications services to all customers in this area. Hinton also offers DSL broadband to its subscribers in the same areas.

For the next five years, covering 2014-2015 through 2018-2019, Hinton will be investing in its local loop. Specifically, Hinton will continue to construct subscriber loop rings between its digital loop carrier equipment in the field, as well as continue upgrading software and hardware for its transmission equipment. In addition, Hinton has also budgeted drop replacement for all five years. Hinton has increased its middle mile bandwidth capacity and implemented fiber-to-the-home for a community within its Cedar Lake wire center, as well as continued extension of fiber-to-the-node so as to shorten copper loop lengths at or less than 12,000 feet. These investments include costs budgeted for central office transmission equipment, fiber optic cable and associated general support facilities. All of the above described capital budget plans apply to every wire center except HITNOK and HYDROK. Those two exchanges already have completed subscriber fiber rings. The only additions in those wire centers will be drop replacement as well as hardware, software upgrades for transmission equipment and associated general support investment.

In accordance with Section 54.313(a)(1), Hinton will be providing progress reports, for future annual report filings, including wire center maps, actual investments, any revised budgets, as well as statements of USF high cost received as a direct result of these investments. Please refer to the accompanying document to view specific capital budget breakdowns, by wire center, including affected area and population, by year.
